

Alliance News *Professional*

The complete real-time news service for UK equities professionals and active non-professional traders.

ALL Professional covers every London-listed company, including AIM stocks and investment trusts. Our markets coverage tells you which stocks are moving, which are about to move, and why.

To complete the picture, ALL Professional includes top UK and global economic, political and general news, reporting on influential global blue chips, and commentary on the foreign exchange and commodities markets that matter to UK equities prices.

Key features:

- **flash headlines** on all market-moving events;
- **In The Know** and **Taking AIM** market insight; UK, major European and US market commentary throughout the day;
- **broker ratings** changes and price targets as reported and in a convenient daily summary;
- **executive interviews** and earnings previews;
- **UK Morning Briefing** - unique flash summary of the London market open, including key pre-market company announcements, overnight news, and opening direction;
- **UK Midday Briefing** - everything you need to know ahead of the afternoon session and US open;
- **UK winners & losers summary** - tells you which stocks are moving the most and why;
- **calendars** of corporate and economic events; Latest Actuals calendar updated as data is released; tables of comparative and historic economic indicators;
- **primary ticker** - sensible content tagging, including the ability to filter on just the news that is **about** a company and **significant** to it; top stories code;
- **news sentiment** - positive or negative for the stock price, assigned by the journalist who wrote the story, not a computer;
- and an **unlimited news archive**.
