

Access global financial markets with one fast and easy solution.

The Infront Professional Terminal combines real-time global market data, news, analytics and electronic trading – all in one intuitive platform. With fast and powerful search, analytics and alert tools, you can cut through the noise and gain unique market insight for better investment decisions.

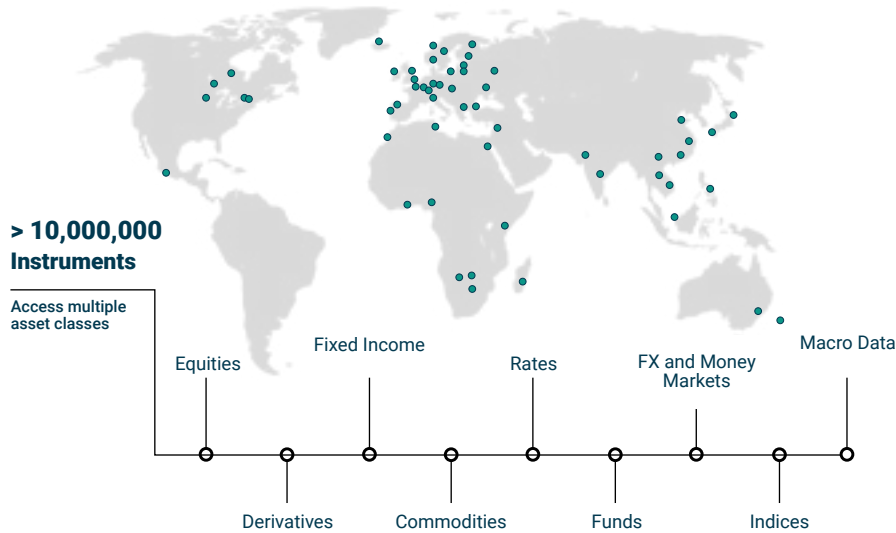

Access global markets

With information on more than 10 million instruments from 120 exchanges around the globe and over 750 other data sources, we give you accurate and comprehensive market data managed securely from our data centers. Access markets in real time, delayed or end-of-day.

A world of analytics

Get in-depth financial data and analytics on over 80.000 listed companies worldwide. Screen the market for investment opportunities, get an instant overview of any company profile, compare to peer group or industry, and build advanced analysis templates with our powerful Excel add-in.

Access anywhere

Follow the markets and trade from wherever you are with Infront Mobile apps for iPhone, iPad and Android. Get a complete overview of your investments with real-time data, and set alerts so that you can act quickly on market changes.

Join thousands of professional users

More than 90.000 users in 50 countries trust Infront every day to follow, analyze and trade global financial markets.

Modules

Customize subscriptions to fit every user's needs with any combination of these Infront modules: Equity Analytics module, ESG data module, Funds module, Treasury module, Corporate Bonds module, Trading module, End-of-Day module
